Campus Life

Embrace creativity

Students at RSD Institute indulge in the joy of creation, exploring the realms of Animation, VFX, Multimedia & Game Design while having a blast.

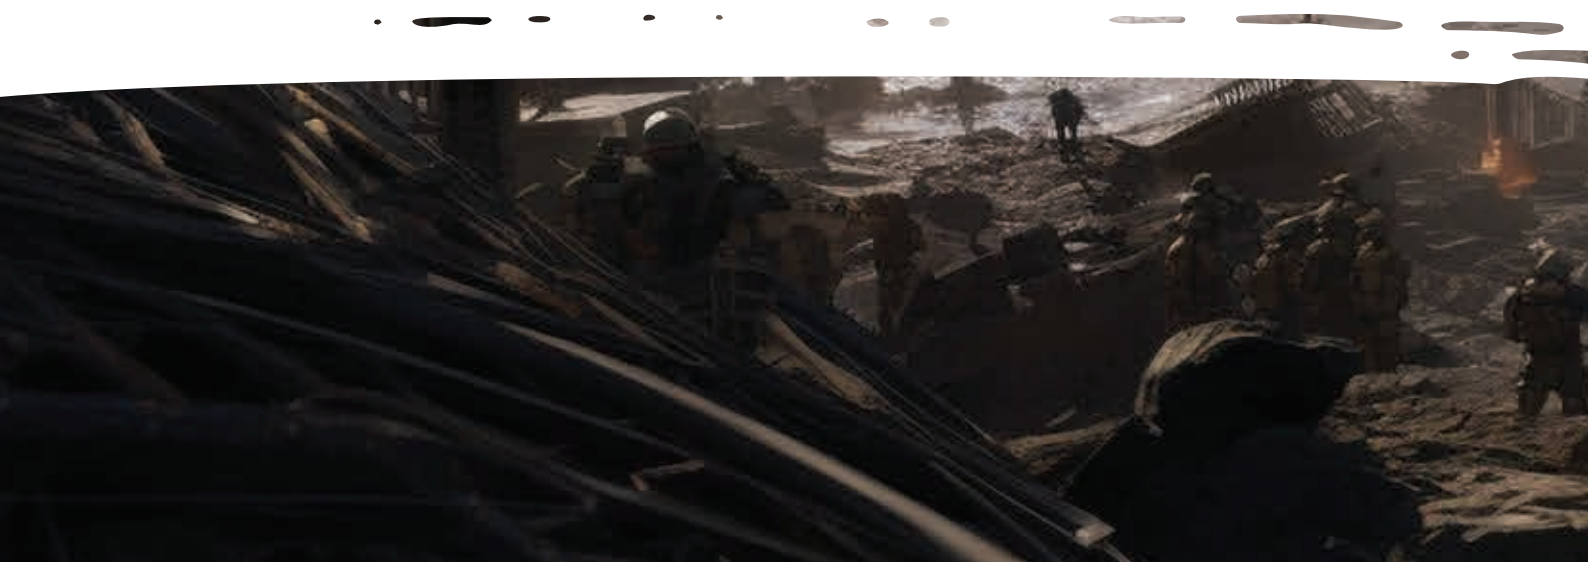

Forge lifelong friendships

Our friendly environment fosters collaboration and fun, creating a supportive community of aspiring artists.

Excel in your chosen field

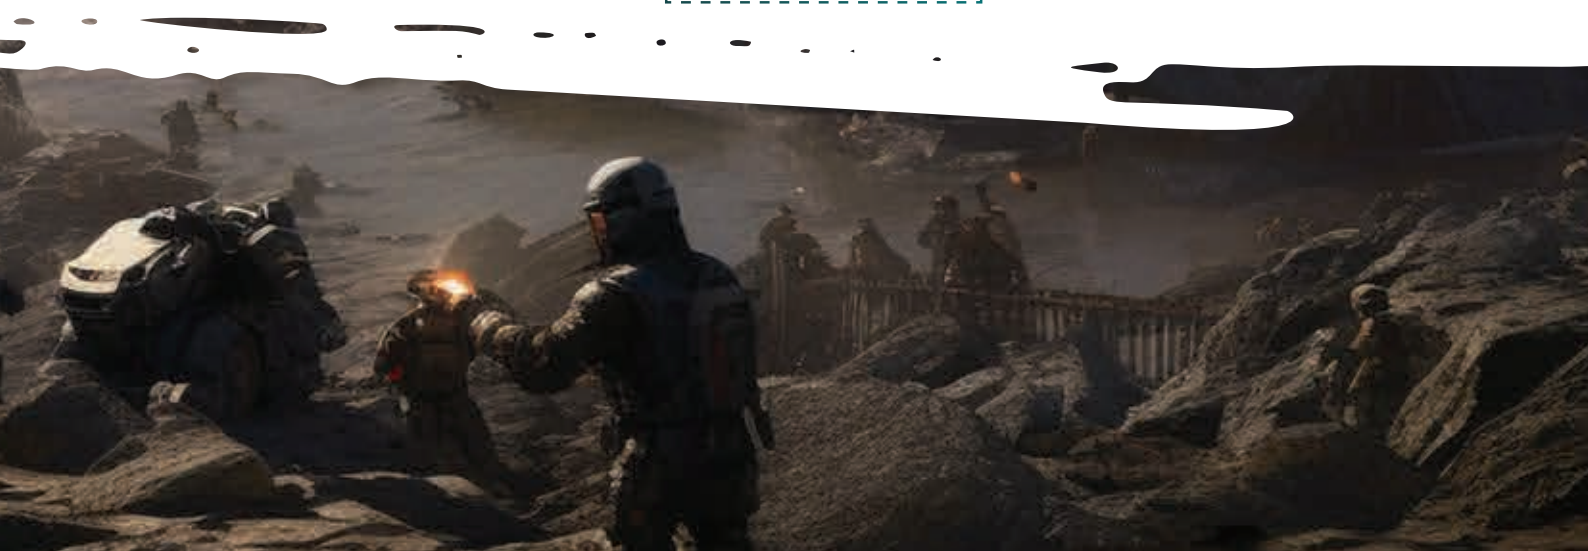

Our institute boasts state-of-the-art facilities that enhance the learning experience. We do Creating Creators for the Creative world .

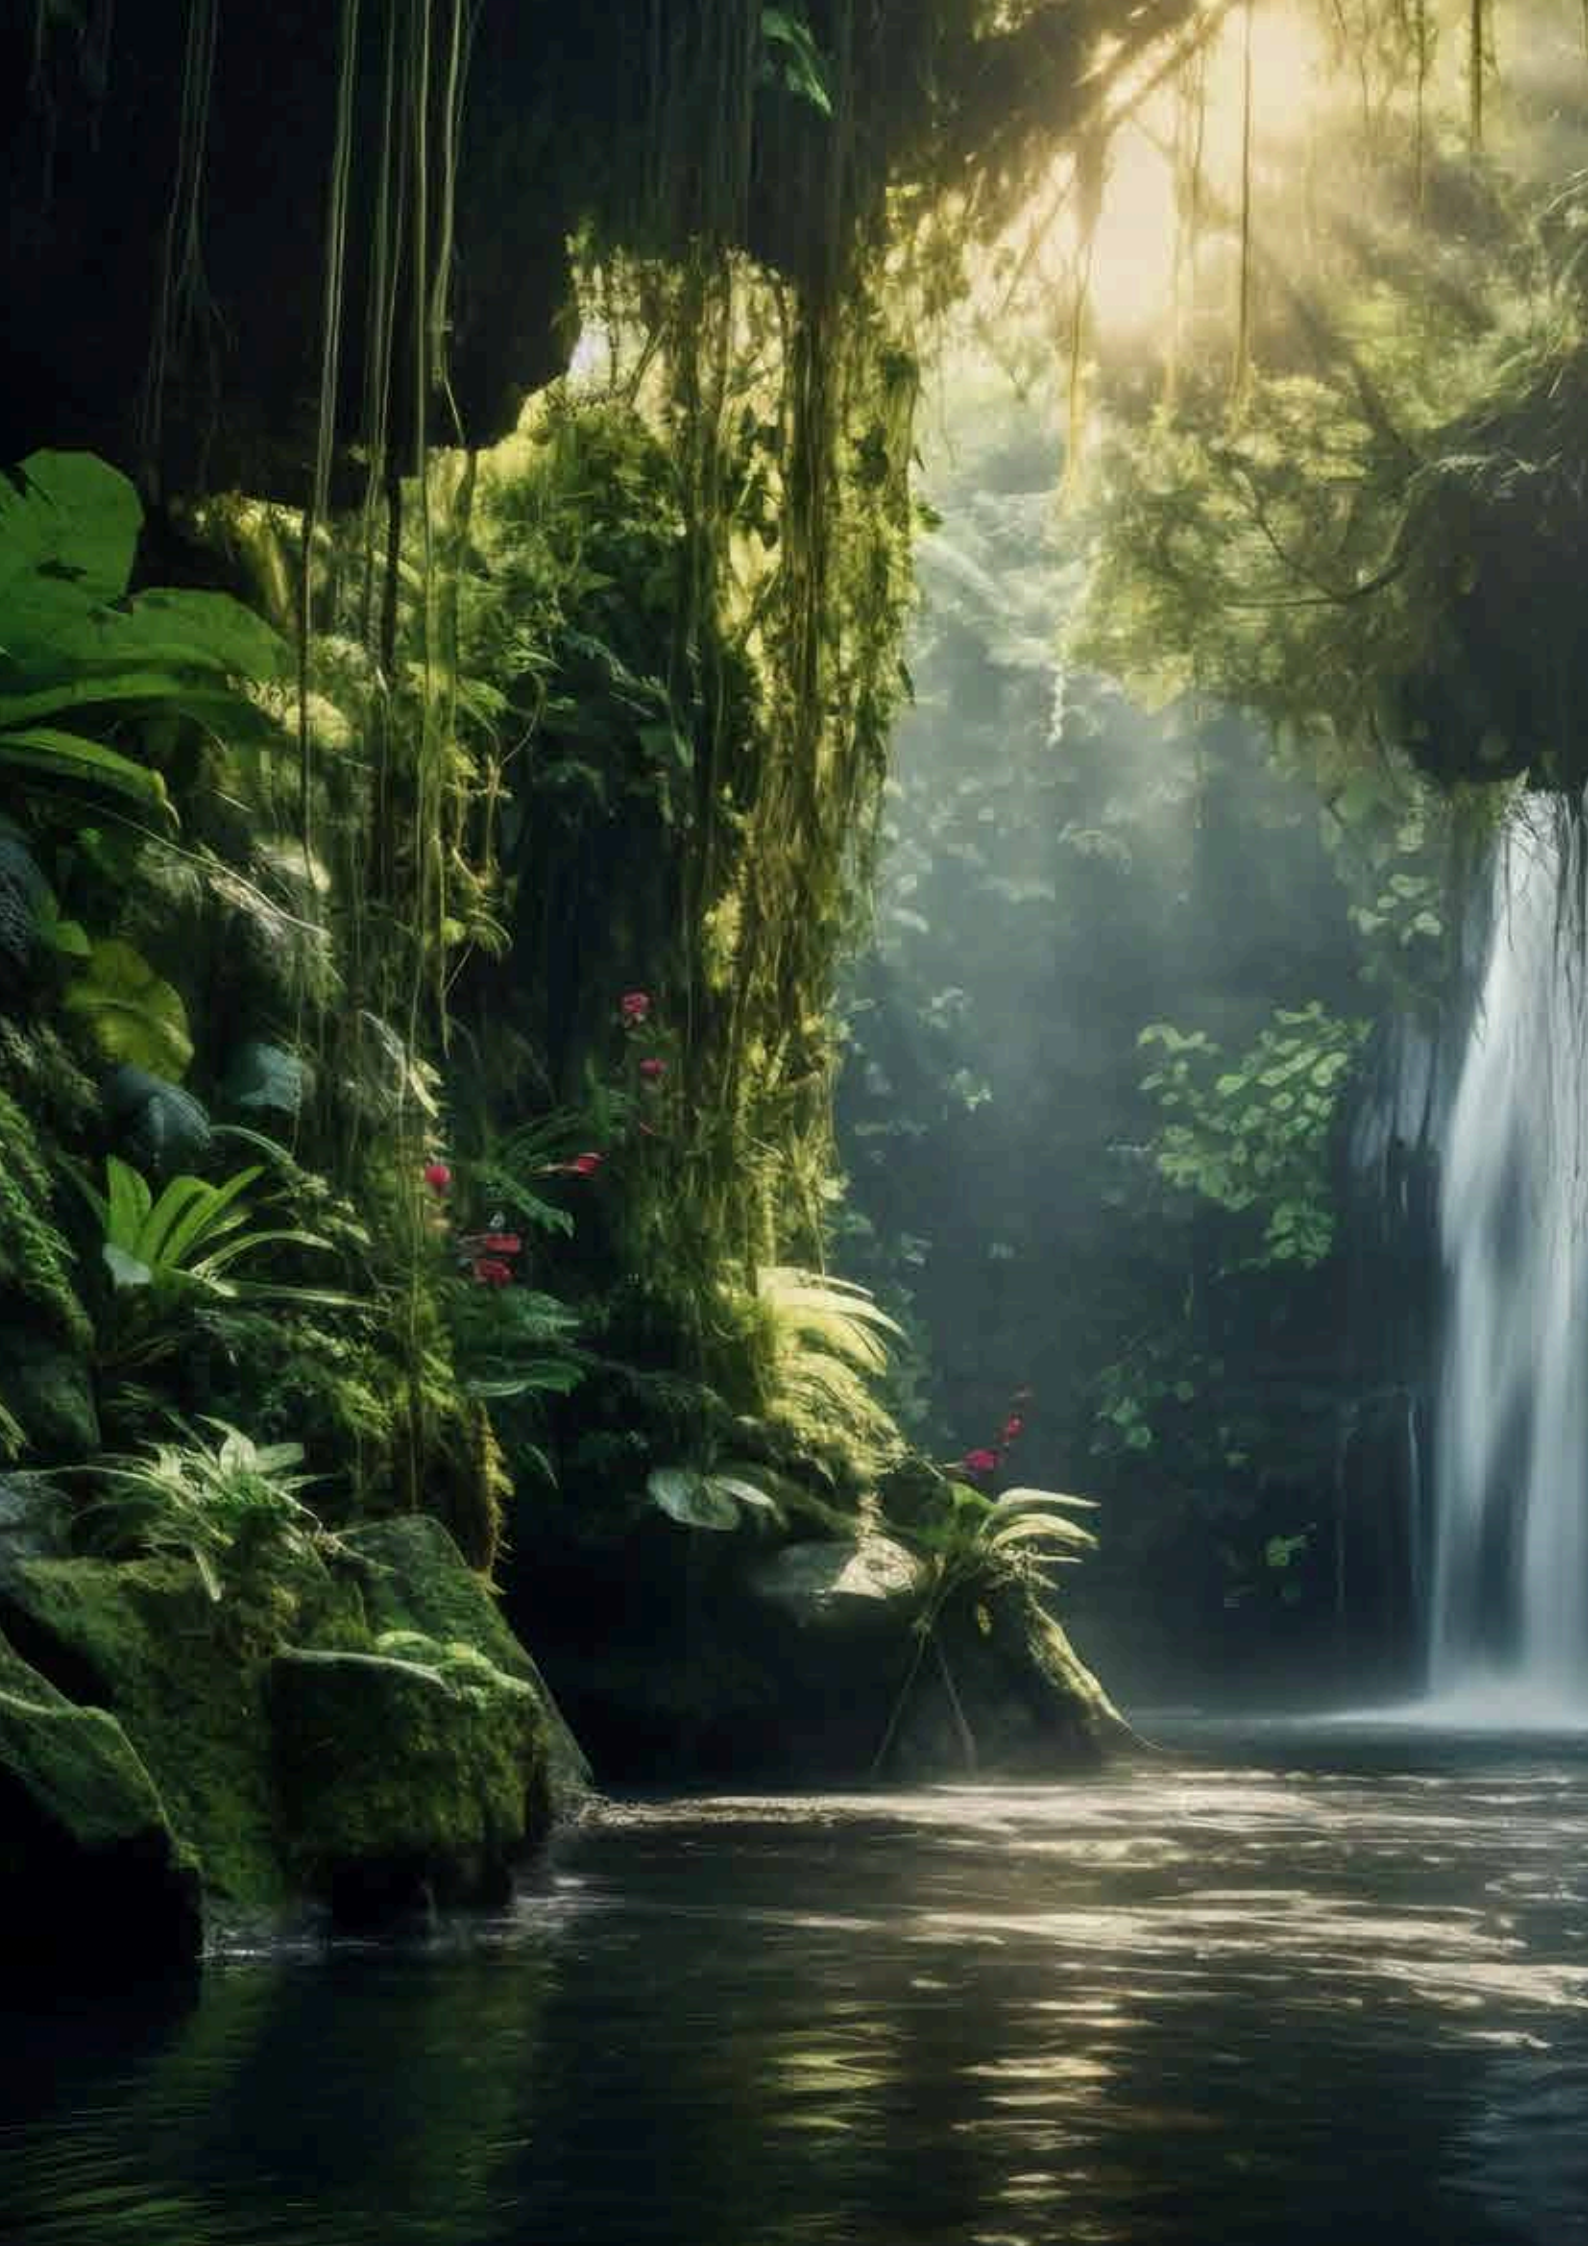

Trusted By 20+, Companies

We place our students in top most Companies All Over India !
The companies will always reach us back for new candidates from us and again,when the requirement comes.

That's how we train our students !

Game Design & Dev. Mastery ◀

ART OF 3D ANIMATION

The Art of 3D Animation is a creative discipline that brings digital characters and objects to life. Through techniques like modeling, rigging, and animation, it crafts immersive narratives for film, gaming, and virtual experiences, merging technology and artistic expression seamlessly.

Duration: 24 Months

Software Covered:

- Photoshop
- Illustrator
- After Effects
- Premier Pro
- Maya
- 3ds Max
- Unreal Engine
- Fundamentals of Drawing
- Design Theory
- Lumion
- Zbrush
- Substance Painter
- Vray / Arnold
- Narrative Craft
- Film Making Classes
- Unity

Career Options:

- 3D Modelling Artist
- Lighting Artist
- Texture Artist
- Render Artist
- Character Animator
- Layout Artist
- Digital Sculpting Artist
- Rigging Artist
- Video Editor
- Motion Graphics Artist
- FX Artist
- 3D Generalist
- 3D Visualizer
- Composer
- Video Editor
- Rigging Artist
- Animatics Artist
- Pre-production Artist
- Photogrammetry Artist
- Matchmove Artist

VFX MASTERY

VFX Mastery is an advanced study of visual effects in digital media. It encompasses techniques for creating realistic simulations of natural phenomena, explosions, fire, and more. Students learn to craft stunning, dynamic effects that enhance the visual storytelling in film, gaming, and virtual environments.

Duration: 24 Months

Software Covered:

- Photoshop
- After Effects
- Premier Pro
- Maya
- Nuke
- Mocha
- Shilloutte
- Pf Track / 3D Equaliser
- Narrative craft
- Rayfire / Real Flow
- Vue
- Houdini
- Fundamentals of Drawing
- Film Making Classes

Career Options:

- 3D Modeler
- 3D Animator
- Rigging Artist
- Texturing Artist
- Matchmove Artist
- Tracking Artist
- Storyboard Artist
- Illustrator
- Lighting Artist
- Rendering Artist
- Compositor
- Previs Artist
- VFX Artist
- Roto & Paint Artist
- Graphic Designer
- 3D Tracking Artist
- Matte Paint Artist
- Roto-Prep Artist
- FX Artist
- Matchmove Artist

GAME DESIGN AND DEV MASTERY

Game Design and Dev Mastery is a comprehensive program that hones expertise in all facets of game creation. Students learn to conceive, design, develop, and polish interactive experiences, mastering the art of storytelling, gameplay mechanics, coding, and graphics to produce captivating games across platforms.

Duration: 24 Months

Software Covered:

- Photoshop
- Illustrator
- After Effects
- Premier Pro
- Maya
- 3ds Max
- Unity
- Unreal Engine
- Lumion
- Sketchup
- Animate CC
- Vuforia
- C sharp
- Film Making Classes
- Fundamentals of Drawing
- Design Theory
- Python

Career Options:

- Digital Storyboard Artist
- 3D Animator
- Rigging Artist
- Texturing Artist
- Lighting Artist
- Rendering Artist
- Composer
- Matchmove Artist
- Tracking Artist
- Storyboard Artist
- Illustrator
- Graphic Designer
- 3D Tracking Artist
- Matte Paint Artist
- Roto-Prep Artist
- FX Artist
- Matchmove Artist
- Previs Artist
- VFX Artist
- Roto & Paint Artist

Professional Courses

- Advanced 3D Artistry ◀
- Adv. VFX Compositing ◀
- Game Design ◀
- Interior Design & Decor ◀
- Adv. Motion Design ◀

ADVANCE 3D ARTISTRY

Advanced 3D Artistry is an immersive journey into the realm of digital art and design. Students refine their skills in 3D modeling, texturing, and rendering to create intricate, visually stunning 3D artworks for industries such as gaming, film, and virtual reality, mastering the art of digital storytelling.

Duration: **12 Months**

Software Covered:

- Maya
- Photoshop
- Zbrush
- Substance Painter
- Fundamentals of Drawing
- Film Making Classes
- Narrative Craft

Career Options:

- Graphic Designer
- Character Designe
 - 3D Animator
 - 3D Modeler
 - Rigging Artist
- Graphic Designer
- Character Designer
 - Storyboard Artist
 - Lighting Artist
 - Texturing Artist

Advance VFX Compositing

Advanced VFX Compositing delves into the intricate art of seamlessly integrating visual effects elements into live-action footage. Students master techniques like color grading, matte painting, and tracking to create stunning, photorealistic compositions for films, commercials, and immersive media.

Duration: 12 Months

Software Covered:

- Photoshop
- Nuke
- Mocha
- Premier Pro
- Shilloutte
- 3D Equiliser / PF track
- After Effects
- Film Making Classes

Career Options:

- VFX Artist
- Roto & Paint Artist
- Composer
- Matchmove Artis
- Graphic Designer
- Tracking Artist
- CG Compositor

GAME DESIGN

Game Design is the creative process of conceiving, planning, and developing interactive experiences. It involves crafting gameplay mechanics, narrative, and visual elements to create engaging and entertaining video games across various platforms, from mobile to console, focusing on player immersion and enjoyment.

Duration: **12 Months**

Software Covered:

- Photoshop •
- Blender •
- Unreal engine •
- Vuforia •
- Unity •
- Python •

Career Options:

- 3D Low Polygon modeler •
- Character Designer •
- Texture Artist •
- 3D Game Artist •
- 3D Environment Artist •
- Effects Animation •
- Plug-in developer •
- Level Designer •
- Particle / Special Effects •
- Audio / Video Programmer •

Interior Design and Décor

Interior Design and Décor focuses on transforming interior spaces into functional and aesthetically pleasing environments. Students learn to blend elements like furniture, color schemes, and lighting to create harmonious, stylish interiors for residential and commercial spaces, emphasizing functionality, comfort, and aesthetics.

Duration: 12 Months

Software Covered:

- Photoshop
- Premier Pro
- 3ds Max
- Revit
- Lumion
- Sketchup
- Unity
- Design Theory
- Auto Cad
- Vray

Career Options:

- Interior Designer
- Designer-Merchandiser
- Colorist
- Designer-Packaging
- Product Designer
- Set Designer
- Product & Interface Designer

ADVANCE MOTION DESIGN

Advanced Motion Design is an immersive exploration of dynamic visual storytelling. This specialization advances skills in kinetic typography, animation, and graphic design to create captivating motion graphics for advertising, branding, and multimedia, incorporating intricate timing and compelling narratives.

Duration: **12 Months**

Software Covered:

- Photoshop
- Illustrator
- Premier Pro
- After effects
- Fundamentals of Drawing
- Design Theory
- Narrative Craft
- Cinema 4D / Blender

Career Options:

- Graphic Designer
- Character Designe
- 2D Digital Artist
- Motion Graphic Designer
- Illustrator
- Video Editor
- Character Designer
- Pre-production Artist
- Broadcast Designer
- Videographer

A large, dark dragon with orange-red scales is breathing fire. The background is a sunset sky with a silhouette of a castle on the left. The dragon's wings are spread, and its mouth is open, showing sharp teeth and a glowing orange interior. The fire is bright yellow and orange, emanating from its mouth.

- Indesign

Career Options:

- Graphic Designer
- Illustrator
- Web Designer
- UI Designer
- Layout Designer
- Web Developer
- Visualize

UI/UX Design and Development

UI/UX design and development is the holistic process of creating user-friendly digital experiences. It encompasses designing intuitive interfaces (UI) and ensuring a seamless user journey (UX) through research, prototyping, and coding. The goal is to optimize user satisfaction and functionality in websites and apps.

Duration: 6 Months

Software Covered:

- Photoshop
- Illustrator
- Figma
- XD
- Basic Web
- MERN Stack
- Premiere Pro
- After Effects

Career Options:

- UX Designer
- Interaction Designer (IXD)
- Visual Designer
- UX Tester
- User Interface Designer
- Creative Designer
- UI Developer

3D ARTISTRY

3D artistry is the craft of sculpting and rendering three-dimensional objects and environments. It uses software tools to create realistic or stylized 3D models, textures, and lighting, enabling the construction of immersive digital worlds for industries like gaming, animation, and architectural visualization.

Duration: 6 Months

Software Covered:

- Photoshop
- 3ds Max / Blender
- Fundamentals of drawing

Career Options:

- 3D Animator
- 3D Modeler
- Texturing Artist
- Rendering Artist
- Graphic Designer

3D ARTISTRY - M/T/L SPECIALIZATION

3D artistry is the craft of sculpting and rendering three-dimensional objects and environments. It uses software tools to create realistic or stylized 3D models, textures, and lighting, enabling the construction of immersive digital worlds for industries like gaming, animation, and architectural visualization.

Duration: 6 Months

Software Covered:

- Photoshop
- Maya
- Zbrush
